Michigan Entrepreneurial & Investment Landscape Guide 2015

MVCA
MICHIGAN VENTURE CAPITAL ASSOCIATION
WE ARE PROUD TO SUPPORT
MICHIGAN VENTURE CAPITAL ASSOCIATION

Invested in Fund Performance. We use decades of fund industry experience to help funds and their managers succeed at every stage of the fund life cycle – formation and operations, fund transactions and fund regulation. For the breadth and depth to handle all these needs, choose lawyers who know your world – Pepper Hamilton LLP.
WHAT HAPPENS WHEN BUSINESS meets **green light**

The road to success runs through Michigan. Michigan is once again becoming the epicenter of the entrepreneurial spirit. World-class innovation. High-tech work force. Abundant venture capital. Regulatory reinvention. All create an ideal combination of opportunity, resources and passion for business right here in Michigan.

michiganbusiness.org
Dear Reader,

Michigan Venture Capital Association is proud to represent the many talented investors who support Michigan’s most promising entrepreneurial companies. The combined work of our membership – Michigan’s angel and venture community – and a statewide commitment to nurture economic activity at the entrepreneurial and growth stages is an important part of Michigan’s economic come-back story.

Michigan boasts one of the most collaborative entrepreneurial support networks in the country, with a rich variety of funding sources and professional resources. There are currently 129 venture-backed companies in Michigan – a 70% increase over five years ago. Angel investment has also increased by over 200% during that same time and together, venture firms and angels are responsible for backing 97% of all startup companies in Michigan in the last year.

In the profiles that follow, you’ll find a brief introduction to key investors fueling Michigan’s fastest growing companies and the dense network of local resources that support the entrepreneurial community. This guide, combined with the many educational and networking events MVCA hosts each year, allow us to share our strengths and build the relationships necessary to move more businesses forward, create new and better jobs, land help redefine our economy.

There are many opportunities to be a part of the thriving, robust entrepreneurial ecosystem in our state. If you aren’t already a member of MVCA, please consider joining us. If you are a member, we hope you are taking advantage of all the member benefits offered each year.

We hope this guide helps you make the valuable connections that ensure Michigan remains a premier Midwest and national venture capital center of excellence for many years to come.

All the best,

Maureen Miller Brosnan - Executive Director

**Investment Stage:**
- Idea & Pre-Seed  
- Seed  
- Early  
- Growth  
- Mezzanine

**Portfolio Highlights:**
- BELLE Michigan portfolio companies include: Magaw Medical, Freedom Creators, Accio Energy, AdAdapted, BriteHub, and Work Truck Solutions.
BlueWater Angels Investment Network  
www.bluewaterangels.com  
Michigan  
2007 Austin Street  
Midland, MI 48642

**Key Staff:**  
KEN KOUSKY - President  
kkousky@ip3inc.com  
989-482-9306  
JUDY MORRISON - Administrative Manager  
jmorrison@ip3inc.com  
989-771-1007

**Number of Active MI Investments:** 20  
**Number of Angels Investors:** 44

**Group Overview:**  
The BlueWater Angels is a network of high net-worth individuals and select organizations interested in investing capital in promising companies with the expectation of receiving a substantial return on investment. BWA members serve as coaches, mentors, invest in, and make connections for Michigan entrepreneurs. While ROI is the primary goal, members recognize the value of supporting and nurturing the entrepreneurial community for the economic benefit of the region and the State of Michigan.

**Preferred Initial Investment Size:**  
$500,000

**Industry Sectors:**
- Life Sciences  
- Information Technology  
- Alternative Energy  
- Media  
- Advanced Materials & Manufacturing  
- Business Services  
- Consumer Products

**Life Science Subsector:**
- Pharmaceuticals  
- Devices  
- Diagnostics  
- Biotechnology  
- Healthcare Services  
- Animal Health/Agriculture  
- Other

**Information Technology Subsector:**
- Hardware  
- Software  
- Services  
- Other

Worldwide Investment Professionals: 3
Assets Under Management:
$52,000,000

Funds Managed (Current and Historical): 2
Actively Investing? Yes

Firm Overview:
Allos invests in early-stage companies, augmenting the capital provided by founders and angel investors who have helped the companies reach a stage at which they have initial customers and are ready for their first institutional financing round. We believe a "hands-on" approach to venture capital investing is critical to the success of these companies, and work closely with our partner companies to help them leverage the business-building skills and resources developed by our team over the past decade at Gazelle TechVentures and Blue Chip Venture Company, as well as those of our investors, most of whom are successful entrepreneurs.

Preferred Initial Investment Amount:
$2,000,000

Industry Sectors:
Life Sciences, Information Technology, Alternative Energy, Media, Ali-Materials/Manufacturing, Business Services, Consumer Products, Other

Information Technology Subsector:

Stages of Investment:

Portfolio & Firm Highlights:
1. Assurex Health closed a $37 million Series D financing round.
2. Blue Pillar Technologies closed a $14 million Series C financing round led by new investor EnerTech Capital.
4. ExactTarget founder Scott Dorsey joined Tinderbox as Chairman.
5. Allos led a Series A investment in Detroit-based Peachworks (back-of-house restaurant operations platform).
6. Allos led a Series A investment in Cincinnati-based enosiX (enterprise mobile app development platform).

Funds Managed (Current and Historical): 2

Actively Investing? Yes

Firm Overview:
The Renaissance Venture Capital Fund (RVCF) is an innovative venture capital fund-of-funds that was formed by some of Michigan’s most important organizations to profitably invest in the growth of ground breaking Michigan technologies and companies. RVCF provides capital that will increase entrepreneurial activity and create a strategic connection between those innovative young companies and Michigan’s strong business and industrial base, providing benefit to both communities and increasing the financial success of the RVCF’s investments.

Portfolio & Firm Highlights:

1 During 2014, Renaissance had its final close of its second fund, adding strategic investors Whirlpool Corporation, Roush Industries and Michigan State University to a group of investors that already included many of the most important corporations and organizations in Michigan.
2 Renaissance has invested in 20 venture capital funds around the U.S. and has attracted $21 of investment capital to Michigan start-ups for every dollar invested by Renaissance.
3 Renaissance assisted with the creation of Cintrifuse, a fund of funds modeled after Renaissance and formed by Procter and Gamble and many of the leading corporations in the Cincinnati area.
4 Renaissance created Renaissance Connect, a unique effort to connect venture-backed start-up companies with major corporations, with the goal of establishing strategic and customer relationships beneficial to both groups.

**Firm Overview:**
Three Leaf Ventures firmly believes that people's lives will continue to benefit from the advance of wireless, mobile and communication technology. Combined with a shift in how people think about their health, technological advances will pave the way for a transformation of the current system. Three Leaf Ventures has a dedicated focus to invest with passionate individuals that are aligned with driving this change. Its thesis incorporates three prominent themes: 1.) involving an increasingly pro-active, educated and invested consumer of healthcare; 2.) leveraging significant advances and penetration of wireless and mobile communication technology, and 3.) pursuing a shift to individualized healthcare from population-based medicine.

Bio Arbor
Ann Arbor, MI
SARAH MURCHISON
smurcho12@gmail.com
215-266-0239
BioArbor hosts educational networking events for the life sciences industry in the greater Ann Arbor area. BioArbor's focus covers technology (product, device and service) commercialization, financing strategies, business development, regulatory affairs and marketing. Each meeting features a networking session and invited speaker(s), followed by a Q&A period. Invited speakers from both the national and local ecosystem share experience on topics such as drug discovery & development, medical devices, diagnostics and tools. BioArbor events are open to the public and are especially suited for those interested in starting or growing life science businesses.

Biosciences Research and Commercialization Center
Kalamazoo, MI
STEVE HAAKENSON
stephen.haakenson@wmich.edu
269-544-1072
Based at Western Michigan University, BRCC was established in 2003 with a special $10 million appropriation from the Michigan Legislature as a non-profit investor, designed to provide seed funding to early stage companies focused on the Life Science sector. BRCC considers a wide range of life science technologies across all indications including but not limited to: biotech therapeutics, diagnostics, medical devices, software, food, environmental and analytical services. BRCC also provides growth capital funding to Contract Research Organizations (CROs) and Contract Manufacturing Organizations (CMOs) already servicing and on the market. The economic development focus of the BRCC aims to promote the growth of Michigan’s life sciences business sector and collaborates with the State’s entrepreneurial resource service providers.

Desai Accelerator
Ann Arbor, MI

KELLY LAPIERRE
klapierre@umich.edu

734-707-1889

The Desai Accelerator is an intensive program of funding, mentorship, and resources to help early stage ventures scale and succeed. Startups are accepted in cohorts and the program culminates with a Demo Day, where each team will pitch to investors. The Desai Accelerator is a collaborative effort at the University of Michigan between the Zell Lurie Institute of Entrepreneurial Studies at the Ross School of Business and the Center for Entrepreneurship at the College of Engineering. While the accelerator is a University of Michigan supported program, applications are open to the public.

Macomb-Oakland University INCubator

Sterling Heights, MI
JULIE GUSTAFSON
gustafso@oakland.edu 586-884-9320

The Macomb-Oakland University INCubator supports economic development in Southeast Michigan by accelerating high-tech businesses, cultivating academic innovation and encouraging research and development. The Macomb-OU INCubator's mission is to provide comprehensive development and support services to startup and emerging businesses, create and support an entrepreneurial climate, commercialize new technologies, expand and cultivate a defense corridor, attract investment, and create new jobs. Mac-OU INC aims to be the regional hub for accelerating economic growth in the targeted industries of defense, homeland security, advanced manufacturing and technology.

MVCA Staff

MAUREEN MILLER BROSAN
Executive Director, Michigan Venture Capital Association
Maureen@MichiganVCA.org

As the Executive Director of the Michigan Venture Capital Association, Maureen oversees the organization’s strategy and direction, and creates awareness of and support for Michigan venture capital firms and activity. In addition to her role at MVCA, Maureen is currently president of the Livonia City Council, chair of the board of directors of St. Mary Mercy Hospital in Livonia, MI, and is a member of the executive committee of the Board of Directors of the St. Joseph Mercy Health System.

Brosnan is a graduate of Central Michigan University, where she earned a BA in Journalism and Public Relations.

EMILY HEINTZ
Associate Director, Michigan Venture Capital Association
Emily@MichiganVCA.org

With a background in economic development, capital markets, and finance, Emily Heintz brings technical and practical expertise to her role as Associate Director of the Michigan Venture Capital Association. Heintz supports Michigan’s vibrant venture capital community by developing the MVCA Research Report, planning educational and networking events, managing talent programs, and advocating for Michigan’s entrepreneurial community.

Prior to joining the MVCA in 2013, Heintz was a Capital Markets Associate at the Michigan Economic Development Corporation and the Accounting Manager at Ann Arbor SPARK.

Heintz holds both a BA and MS in Accounting from the Michigan State University.

CREATING AND SUSTAINING A VIBRANT VENTURE CAPITAL COMMUNITY IN MICHIGAN

The Michigan Venture Capital Association is a catalyst for building a strong, diverse, and entrepreneurial ecosystem in Michigan.

MVCA represents venture capitalists, angel investors, entrepreneurial resource organizations, service providers and higher-education institutions – all working together to create new business opportunities and foster Michigan’s growing role as a center of innovation, entrepreneurship, and company creation.

**MVCA advocates, builds relationships, and sponsors programs that further the interests of its members.**

Bucking national trends toward declining venture capital activity, Michigan has enjoyed consistent, steady growth in venture capital investment, number of venture capital firms, and numbers of investment professionals. Michigan’s burgeoning community of entrepreneurs, venture capital firms, and angel investors has created an environment ripe with demand for the programs and services the MVCA offers.

**Advocacy**

Core to the MVCA’s mission is serving as the statewide voice for Michigan’s growing venture capital industry. To advance this objective, the MVCA educates, advocates and communicates to legislators, the media and the general public on entrepreneurial investment opportunities, challenges, and successes in Michigan. An annual legislative outreach day is just one of the many MVCA advocacy activities.

**Education and Outreach**

The MVCA facilitates the development of a strong network within the Michigan venture capital community and builds connections with out-of-state angel and venture investors through targeted meetings and events. MVCA staff attends local and national industry conferences to advocate for the Michigan investment community.

- **Networking Receptions & Events:** The MVCA hosts a series of networking events around the state focused on building a stronger investor network within the state. The most popular of these events each year is the MVCA Annual Awards Dinner, which highlights venture capital successes from the prior year. In 2014, a record crowd recognized several exceptional portfolio companies and their investors for achievements in fundraising, exit size and product growth. The evening also honored 2014 MVCA Lifetime Achievement Award Mike Finney, CEO of the Michigan Economic Development Corporation.
• **Immersion Days:**
  Out-of-state investors come to Michigan for an all-day series of meetings, tours, and social events custom-designed to meet their informational needs by the Michigan venture community. Investors obtain first-hand knowledge of the wealth of resources, partnerships and entrepreneurial ideas available in the state.

• **Outreach Visits:**
  Through targeted meetings with out-of-state investors, MVCA communicates key research report outputs, opportunities and successes and builds relationships to be leveraged by Michigan investors. These out-of-state investors are invited to networking events in Michigan to increase collaboration with angel and venture investors.

**Annual Research Report**

MVCA develops and distributes an annual research report, which is a comprehensive summary of venture capital investment activities across Michigan. MVCA works with the National Venture Capital Association, Thomson Reuters and PricewaterhouseCoopers to analyze Michigan activities relative to national trends. The research report is the critical source of quantitative information used to drive initiatives to grow the venture capital community.

**Talent Programs**

MVCA offers the Michigan Venture Fellows Program and the Executive Attraction Program, both funded by the Michigan Economic Development Corporation. These programs have played a critical role in building Michigan’s entrepreneurial ecosystem and help our members attract the best talent to their firms and portfolio companies.

• **The Michigan Venture Fellows Program:** This program is designed to increase the number of venture professionals in Michigan, in order to accelerate the fundraising and deployment of capital into early-stage companies. Venture Fellows are hired for two years by a Michigan-based venture firm and expected to continue their careers with the firm after the fellowship. Grants for the program are leveraged against salary contributions from venture firms.

• **The Executive Attraction Program:** Entrepreneurial executives are crucial to supporting the continued growth of technology-based businesses and jobs in Michigan. While there is an increasing group of experienced startup executives located in Michigan, the state lacks a deep pool of executives with experience leading angel or venture-backed companies. The MVCA Executive Attraction Program helps companies recruit high-quality candidates through a matching grant program designed to increase the number of portfolio companies in Michigan.

• **Executive Connect:** Boards, advisors, and mentors have a significant impact on the financial performance of early-stage companies, providing expertise and guidance to increase sales and productivity. Executive Connect is designed to increase the number of qualified board members, advisors, and mentors placed at angel or venture-backed companies in Michigan. The MVCA identifies angel and venture-backed companies in need of board leadership and will leverage its existing relationships in the business community to identify prospective board members, mentors, and advisors.
Foster Swift attorneys represent early stage and venture capital companies in all matters, including entity and fund formation, regulatory compliance, intellectual property protection, and raising capital through private placement and crowdfunding offerings.
