

# 1. Water Resources Survey

Many communities, public schools, public universities, and county agencies are working hard to protect, clean up and restore our local lakes, rivers and streams. We are interested in knowing the priorities and concerns of local citizens in regards to protection and restoration of our local water resources. By filling out this survey you will be a part of the decisions that will help protect and restore our lakes, rivers and streams. We thank you and appreciate your help by completing this survey.

## \*1. Please tell us your zip code

## 2. Please tell us your affiliation(s) in the community

- Resident
- Business Owner
- Student
- Non profit group
- School/College/University Staff
- Lake/Home owner association member

Other

## 3. Do you live on or within a mile of a lake/stream/river?

- Yes
- No

If so, please name the waterbody

**4. Based on recent public outreach efforts, the following environmental and recreational issues were identified as the most significant known problems. Please indicate your level of concern for each of these issues:**

	Not Concerned	Somewhat Concerned	Concerned	Very Concerned	N/A
Sediment accumulation in our rivers, lakes and streams	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
High Bacteria/Beach Closures	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Excessive phosphorus levels causing algae blooms	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Too much water in our rivers, lakes and streams causing flooding and bank erosion	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Too little water in our rivers, lakes and streams causing restrictions for fishing/canoeing	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Contaminated sediment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Loss of wildlife habitat and natural areas	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lack of opportunities for land-based recreation (biking, hiking etc.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lack of opportunities for water-based recreation (fishing, paddling etc.)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Other (please specify)

**5. Please indicate below any locations where you are familiar with the environmental issues listed above. Please try to be as specific as possible with addresses or cross-streets, if applicable.**

**6. In the past two years which of the following have you (and/or someone in your household) done to protect water resources?**

Check all that apply

Not Applicable

Installed rain garden	<input type="radio"/>	<input type="radio"/>
Installed rain barrel	<input type="radio"/>	<input type="radio"/>
Installed stream bank/lake shore buffers/vegetation	<input type="radio"/>	<input type="radio"/>
Planted native landscaping	<input type="radio"/>	<input type="radio"/>
Planted Trees	<input type="radio"/>	<input type="radio"/>
Swept excess fertilizer off driveway/sidewalk	<input type="radio"/>	<input type="radio"/>
Swept excess grass clippings off of driveway/sidewalk	<input type="radio"/>	<input type="radio"/>
Serviced Septic tank every 3-5 yrs	<input type="radio"/>	<input type="radio"/>
Washed car on grass	<input type="radio"/>	<input type="radio"/>
Washed car at car wash	<input type="radio"/>	<input type="radio"/>
Took Household hazardous waste collection to center	<input type="radio"/>	<input type="radio"/>
Picked up and properly disposed of pet waste(e.g. throw in garbage)	<input type="radio"/>	<input type="radio"/>

Other:(please explain)

## 7. What projects or actions would you want to see implemented in your area?

Check all that apply

Land conservation for public use

land conservation for natural areas

River/lake/ or stream cleanup

Install rain garden

Install rain barrel

Install stream bank/lake shore buffers/ vegetation

Plant native landscaping

Plant Trees

Street sweeping

Duck/goose management

Storm drain marking

Educational stormwater signage

Household hazardous waste collection

Storm drain cleaning

Bike paths/ lanes

Canoe/Boat launch

Fishing docks

Log jam removal

Recreational events focused on water (e.g.Kayaking events, fishing tournaments)

Install pet waste disposal stations in public parks

Other (please specify)

## 8. What watershed do you live in?

- Clinton River
- Rouge River
- Huron River
- Lake Huron
- Lake St. Clair
- St. Clair River
- Anchor Bay
- Unknown

Other (please specify)

## 9. Would you be interested in attending workshops, or volunteering in water quality activities in your area?

- yes
- no

If yes, please provide your email address below.

## 10. How much money would you be willing to invest per month through your water or sewer bill to see these projects or actions implemented?

- \$0
- \$1-5
- \$6-10
- \$11-15
- \$16-20
