Did you know we do have Community Policing Deputies, , would you consider helping to keep your neighborhood a safer place to live, work and play in, by working with a neighborhood watch? If that answer is yes or even something you're thinking about or you know of something that should be reported, please call Deputy Francisco the Community Policing officer for our District, her number is 248-409-7140 or email her at Fransiscom@oakgov.com.

Our Community is much safer than it was, but one of the concerns some have are, we still have people who know of parties involved with crimes, but do not want to say anything to those who can assist with it. Yet we are all good to talk with neighbors and friends, and would be the first to complain if we were the victims, and no one said or did anything to help catch whoever did this to you. If you see something call 248-4951 x 8, and say something if it's happening, don't approach anyone, just call it in at that time. Let's all help to make our City a Safer cleaner place to work, live and play in.

When you call dispatch, at the 248-858-4951 number they may ask some questions, please know while the questions are being asked, they are also being typed and shown on the screen in the deputies car and they are to better assist him/her with your complaint and they will be there as soon as they can, and may even be enroot, depending upon the information received.

There was a fire in July and now the last week of March, which brings me to this closing comment and question.

Heaven forbid, but In the event, your home was to go up in flames, and you had to leave immediately, would you know where your SS card, Birth Certificate and ID were, to grab them on your way out or when and if the Firemen were able take you back in to get them?

I don't want anyone to endanger themselves, but this week has been one of another kind. Residents who were the victims of the Tuesday fire have been calling asking for fire fighters to escort them into a condemned building; please the fire fighters fight fires, once they clear the scene they do not go back, unless there's another fire. When a building is condemned NO ONE can go back in, without an owner's agent, if it is an apartment building. It's condemned because it's not safe...

A suggestion, make copies of your documents listed above, wrap one in aluminum foil secure them in a Ziploc bag and place it in your fridge's or freezer door they won't burn there.

Pontiac **no longer has special pickup** for large items. **It is now called BULK PICKUP and you do not have to call it in**, but you can only put out **2 items** on the evening before your trash day, every other week.

The Mon, Tues and Wednesday schedule is the week Sunday falls on; April 1, 15 & 29, May 13 & 27, June 10 & 24, July 18 & 22, Aug. 5 & 19, Sept. 2, 16 & 30, Oct. 14 & 28, Nov. 11 & 25, & Dec. 9 & 23. Because we have Thursday pickups too, those days are the following week.

Please note these dates, as fines are being assessed if you have trash or bulk items out on the wrong week or out on the curb after trash was picked up. Remember the lid has to close, and now that the temps are warming up animals and rodents will be out an about looking for food.
