Joe Hejka of Rebuilding Together of Oakland County selected our district as a remodeling project for 2013. This will allow seniors, veterans, physically and mentally disabled, and single parent families an opportunity to beautify their homes.

MESSAGE

Please come join us on Saturday, April 27, 2013, as Rebuilding Together-Oakland County works to repair 12 houses in the Pontiac community - the homes of 43 low-income homeowners and their families. Through community donations of supplies, materials, and volunteer labor, Rebuilding Together leverages every dollar donated into four dollars of home repairs and modifications for homeowners in need.

In addition to the work on the homes in District 3 & 4, Rebuilding Together will also be working on a project at our kickoff site, the Baldwin Center. We invite you to join us on Saturday to visit with your constituents who are volunteering their time to swing a hammer or wield a paintbrush. Your participation will send the important message that if we all pitch in, we can help preserve affordable homeownership and revitalize neighborhoods.

Attached are an agenda of the days events and a map of the project area. I hope you will be able to join us. If you have any questions, feel free to contact me.
