This is the Location (RED) they would like to build a Transfer Station. The one problem is no waste from Pontiac will be utilized for storage or recycled, Because we already have Waste Management under Contract. So other Cities trash will be process here!

SAY NO TO DUMPING IN PONTIAC

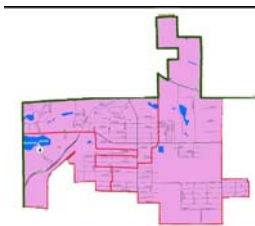

We are in opposition to using the Kennett Rd. facility as a waste transfer station and junkyard because it there are no advantages for the residents of Pontiac. To learn more about how this affects **YOU**, please plan to attend the next planning meeting at City Hall 2nd floor on **August 7, 2013 at 6:00p.m.** Be there before 6:00 if you would like to make comments

Again I would like to thank everyone for the great job we are doing in keeping our grass under control! We were blessed to have, The Saint Mary Catholic church contacted us to have their youths, to come and cut, rake and clean up some of our abandon property, Great Job!!!! These youths chose to their break and have lunch at the famous Monster Burger(Rocket)

We are currently in the process of budget talks with the City and in the School District. These are very important meetings, because the decisions made will influence how your tax dollars are allocated. I encourage you to participate in these meetings.
