

# Watershed Friendly Lawn Care And Barrel Workshop

Spring is a great time to think about healthy lawn and garden care. By making small adjustments in our landscaping practices, each of us can make a big difference in the health of our creeks, lakes and rivers.

Join the Clinton River Watershed Council at this workshop & learn:

- 10 tips for watershed-friendly lawns
- The "whys and hows" of soil testing
- Fertilizer best practices
- How native plants & rain gardens can beautify your yard while benefiting wildlife, conserving water and reducing water pollution
- Rain Barrel Workshop
