Below are descriptions of workshops. Please circle one workshop per session.

Session:

1 2 **Centers for Working Families**

Center for Working Families (CWF) is a program to help families become financially stable without spending time running from place to place. CWF offers family support services such as: coaching in personal financial management, access to benefits and income supports, and soon, access to job training/placement/advancement. Through CWF, staff will connect with you over time, helping your family achieve your hopes and dreams for increasing income, wealth, and employment prospects.

1 2 **Weatherization and Home Repair**

This session will provide information regarding several programs that are designed to make your home energy efficient and to also provide home repair for NO to LOW cost to homeowner.

1 2 **Neighborhood Stabilization Programs (NSP) and Homeownership**

This session will provide information on several programs that are geared to assist low/moderate income individuals and families on first time homebuyers. There are many cities and townships that have FREE federal dollars to assist with down payment assistance and home repair.

1 2 **SAFETY and Neighborhood Watch**

Learn how to organize a Neighborhood Watch Program and work with you the police in your area.
